

The GPT Group

has achieved a **3.5 star NABERS Water** rating for

Melbourne Central
360 Elizabeth Street, Melbourne VIC 3000

Rating effective until

April 2011

This Building has:

0.833 kL/m² p.a. normalised water consumption
37985 kL p.a. actual water consumption

This Performance Rating is based on 12 months operational water use in the Base Building. More stars indicate better water consumption efficiency for the building. Greater water efficiency reduces costs and improves the rating of buildings. NABERS is an initiative of the Commonwealth, New South Wales, Northern Territory, Tasmania, Victoria and Western Australia Governments. It is managed by the Department of Environment and Climate Change NSW Government.
